25X1 4.0 25X1 25X1 25X1 25X1	about 1,000 air force personnel were stationed at the installation. A small guard detail whose members were black-bordered crimson enaulets were also observed at the field. Captain Ivanov (fnu), was the supply officer of the installation. — the air force unit which had transferred to Falkenberg included a Captain Bielashev (fnu), supply officer, and one Yudinov (fnu), who was in charge of repair work.	25X1
25X1 5.	Between 7 and 14 August, no fuel shipments arrived or left the fuel dump, on the southern edge of the field.	
6. 25X1	engine aircraft and 3 biplanes at the field. Between 4 and 6 p.m. on 20 August, a twin-engine aircraft made local training flights. There was no change in the status of the PKV-45 DF station located at the western extension of the runway. Trucks were observed in connection when one construction or the circular taxiway at the installation.	25X1 25X1
25X1 1.	Comment. The information contained in the present report refers to the transfer of the air transport unit from Staaken to Schoenefeld and of the air transport regiment from Schoenefeld to Alt Loennewitz. The report confirms previous information. The officers mentioned in paragraph 4 of the present report are reported for the first time. Schoenefeld airfield continues to be used by correctal aircraft of the Aeroflot (USSR), Lot (Poland) and CSA (Czechoslovakia) Air Lines.	25X1
